Rodrigo Ramos

Senior Manager, Revenue Management | AI & Tech Leader

rodrigoror@gmail.com | +34 622 933 051 | Location: Spain (GMT+1)
LinkedIn | Portfolio

Executive Summary

Revenue-focused Technology Leader with 20+ years of experience, specializing in driving business growth through AI innovation and data-driven strategy. Proven track record of managing P&L and categories to profitability, including a **3x revenue increase** at alt.bank by scaling the Wolfe collection platform from B2C to B2B.

Expert in **Revenue Management** and **Category Growth**, leveraging **SQL**, **Data Analytics**, and advanced **AI Tools (Cursor, Claude, LLM Agents)** to optimize operations and product performance. Combines an MBA in Software Architecture with hands-on technical expertise to bridge the gap between business goals and engineering execution, making me an ideal fit for Interview Kickstart's mission to upskill the next generation of tech leaders.

Category Management, P&L Ownership, GTM Strategy, Application Growth, Business Plan Execution, Stakeholder Management, Cost Optimization.

AI & Innovation

AI Tools (Cursor, Claude Code, Code Rabbit), LLM Agents, AI-Assisted Development, Productivity Optimization, AI integration in workflows.

Data & Analytics

SQL (Advanced), MongoDB, Data Pipelines, BI Dashboards (Grafana), Metrics Definition & Tracking, Operational KPIs.

Technical Leadership

System Architecture, AWS/Cloud Cost Efficiency, Agile/Scrum, Team Mentorship, CRM Integration.

Professional Experience

Tech Manager - Revenue & Collections

Dec 2023 - Present

alt.bank | São Paulo | Remote

- **P&L & Category Ownership:** Led the "Wolfe" collection product as a standalone business unit. **Achieved 3x revenue increase** by strategically pivoting the platform from an internal B2C tool to a scalable B2B SaaS solution.
- **Data-Driven Growth:** Defined and engaged in daily tracking of key performance metrics (recovery rates, agent efficiency) using **SQL** and BI tools. Used insights to optimize campaigns and reduce

operational costs.

- **AI-Powered Efficiency:** Pioneered the adoption of **Cursor, Claude, and AI Agents** within the team, delivering an **80% productivity boost** and reducing "war-rooms" by 80%.
- **Strategic Expansion:** Identified market opportunities for the collections category, assisting sales teams with technical insights and consumer behavior analysis to improved client acquisition.

Senior Technical Lead
Sep 2021 - Dec 2023

alt.bank | São Paulo | Remote

- **Metric Improvement:** Implemented data-driven performance monitoring to identify bottlenecks. Optimized team workflows to consistently meet delivery targets.
- **Quality Assurance:** Reduced technical debt and ensured 99.9% uptime for critical financial integrations, directly supporting revenue-generating transactions.
- **Team Development:** Mentored engineers on technical and business alignment, fostering a culture of ownership and high performance.

Full Stack Engineer (Java/Flutter)
Dec 2018 - Sep 2021

alt.bank | São Paulo

- **Product Launch:** Led end-to-end development of high-performance mobile apps from MVP to rollout, ensuring alignment with aggressive business growth objectives.
- **Reliability:** Reduced production issues by 30% through automated testing and rigorous QA processes, enhancing customer retention.

Developer - Founder
Jan 2005 - Apr 2007

Rich Solutions

- **End-to-End Ownership:** Built a startup from the ground up. Managed all aspects of the business including sales, product development, and client delivery.
- **Business Impact:** Delivered custom automation solutions for industries (Aerospace, Notary) that significantly optimized their inventory and production costs.

* ***2016-2018:*** *Senior Developer (As2 Group) - Modernized legacy industry 4.0 systems.*
* ***2011-2016:*** *System Analyst (Urbam) - Enhanced application efficiency by 30% for municipal systems.*

Education & Key Certifications

- **MBA in Software Architecture & Design** - XP Educação (2024)
- **Becoming an AI-First Product Leader** (2025)
- **AI Agents for Product Leaders** (2025)
- **Santander Cybersecurity Certification** (2025)
- **Team Management & Performance** - Qulture.Rocks (2024)
- **Product Roadmapping** - Product School (2024)
- **B.Tech in Analysis and Systems Development** - IBTA (2006)
